

# The Best Fries

Aviko

**SUPER  
CRUNCH!**

# You serve the best burger, don't let your fries ruin your customer's meal

Choose 

Choose the best.

"Aviko's SuperCrunch fries retain their quality better than any other fries we've looked at. Not only that, but we've been extremely happy with the length, quality, flavour and appearance that we see day in and day out; again, easily surpassing every other fry that we've tried."

MATT HARRIS  
Founder Thunderbird Fried Chicken

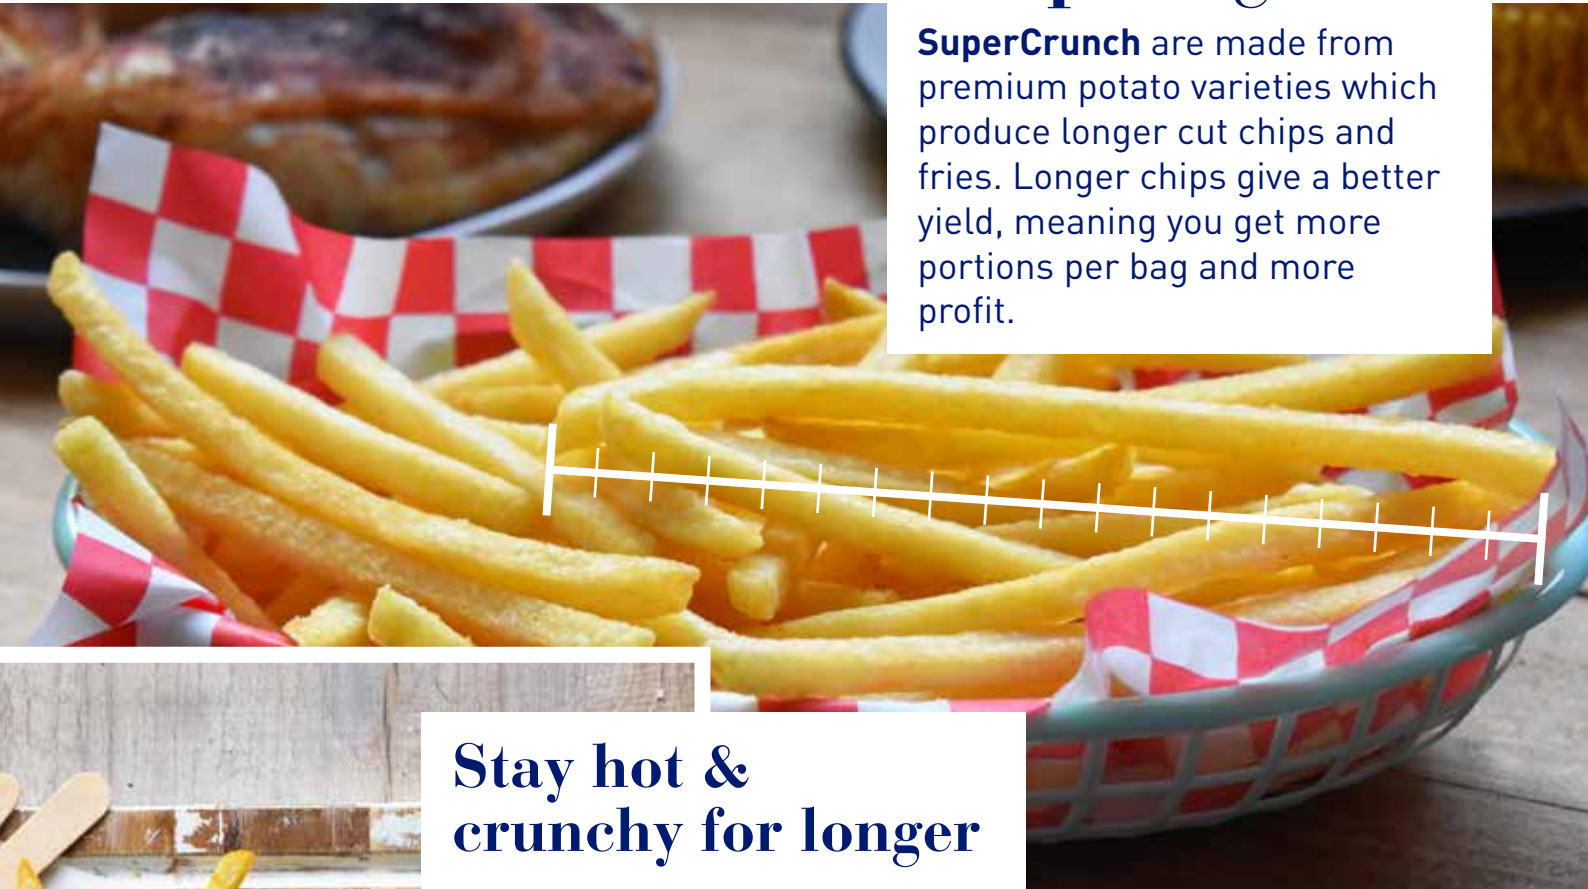

# The Benefits

## Chip length

**SuperCrunch** are made from premium potato varieties which produce longer cut chips and fries. Longer chips give a better yield, meaning you get more portions per bag and more profit.

## Stay hot & crunchy for longer

Soggy chips make for unhappy customers. With their unique gluten-free coating, SuperCrunch stay hotter and crunchier for longer, perfect for delivery & takeaway. Happier customers mean more loyalty and better word of mouth.

## Quality, consistency & taste

Aviko are renowned for quality and never sacrificing manufacturing best practices, this gives you less waste, better tasting products, and happier more loyal customers.

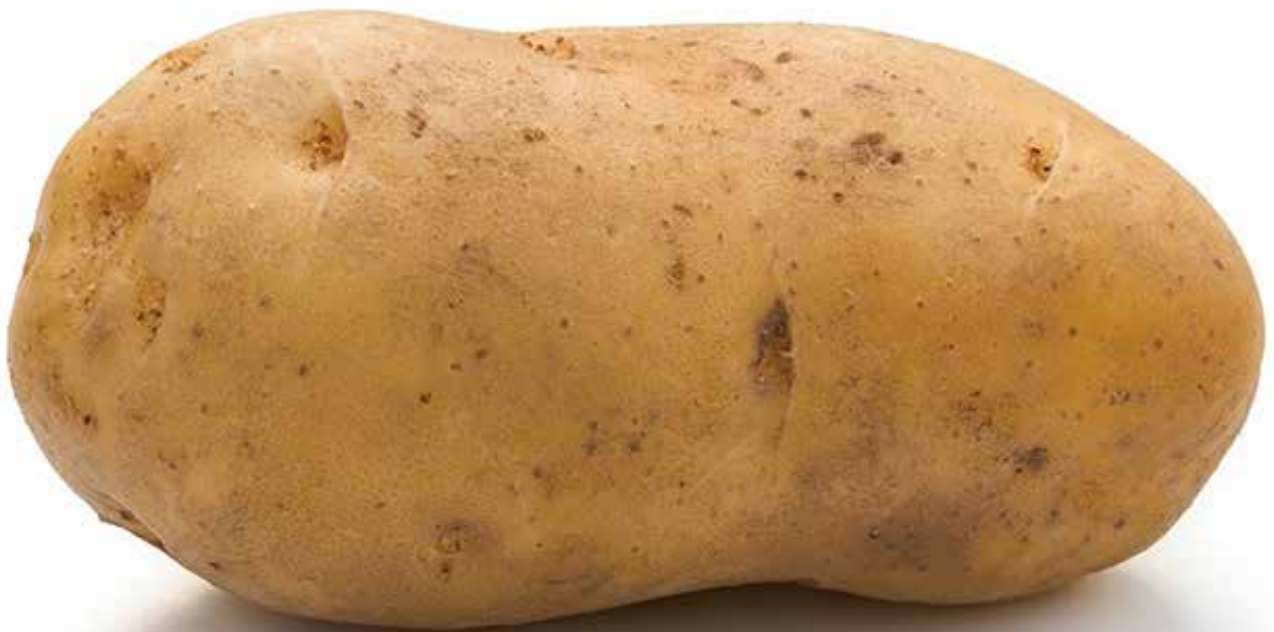

## The Innovator

The Innovator is the ultimate, internationally appreciated French fry potato. With its long, white flesh tubers, the Innovator is the favourite potato of worldwide quick-service restaurant chains. The long tubers are ideal for cutting French fries and meet expectations across America, Asia and Europe with its consistent taste, appearance and quality.

The Innovator, like the name implies, is a young variety that replaced and improved previous varieties with better characteristics to improve taste and consistency.

**SuperCrunch only ever use superior potato varieties such as the Innovator.**
